

Advanced Hemostatic Dressing For Ear, Nose and Throat Etherified Carboxymethyl Cellulose

Powered By
BloodSTOP iX

Rapid Hemostasis When it Matters Most

What is Sealk®?

Sealk is an advanced, research-supported hemostatic dressing designed to assist in the temporary control of bleeding during emergency and therapeutic procedures.

It is:

All-natural, plant-based

Biocompatible

Water soluble

Has been shown in clinical studies to decrease inflammatory cytokines, reducing the infection and inflammation risk²

Promotes fast wound healing³
